

Environmental Policy

Labelgraphics (Glasgow) Ltd recognises that its day-to-day operations in the manufacture of self-adhesive labels has both a positive and negative impact on the environment. Labelgraphics is fully committed to preventing pollution and the harmful effects of its actions and label products wherever practicable.

Labelgraphics is demonstrating its corporate commitment through an Environmental Management System based on EN ISO14001 and other environmental initiatives.

As a result Labelgraphics will:

- Comply with all relevant global environmental legislation, regulatory controls and other requirements.
- Minimise waste, maximise use of resources and prevent pollution in all parts of the business.
- Identify significant environmental & social aspects and establish objectives and targets for improvement.
- Review, monitor and improve the Company's environmental performance against set targets.
- Audit the Company's activities against this policy to confirm continual environmental improvement.
- Communicate this policy and the Company environmental performance to customers, suppliers and, where requested, to other interested parties.
- Actively promote the recycling, re-use and reduction, where practicable of all materials.
- Ensure all employees are made accountable for these policy goals through training and communication of environmental issues throughout the company
- Encourage all employees to be proactive in the maintenance and further development of the company environmental management system.

This policy will be reviewed on an annual basis to ensure its continuing effectiveness.

Alex D Mulvenny, Managing Director
